Task: Pamela Griffith likes to paint flowers that are unique to our area. This is a painting of a Gynea Lily. Now let's make our own flower out of the following materials. This activity is best to do with an adult.

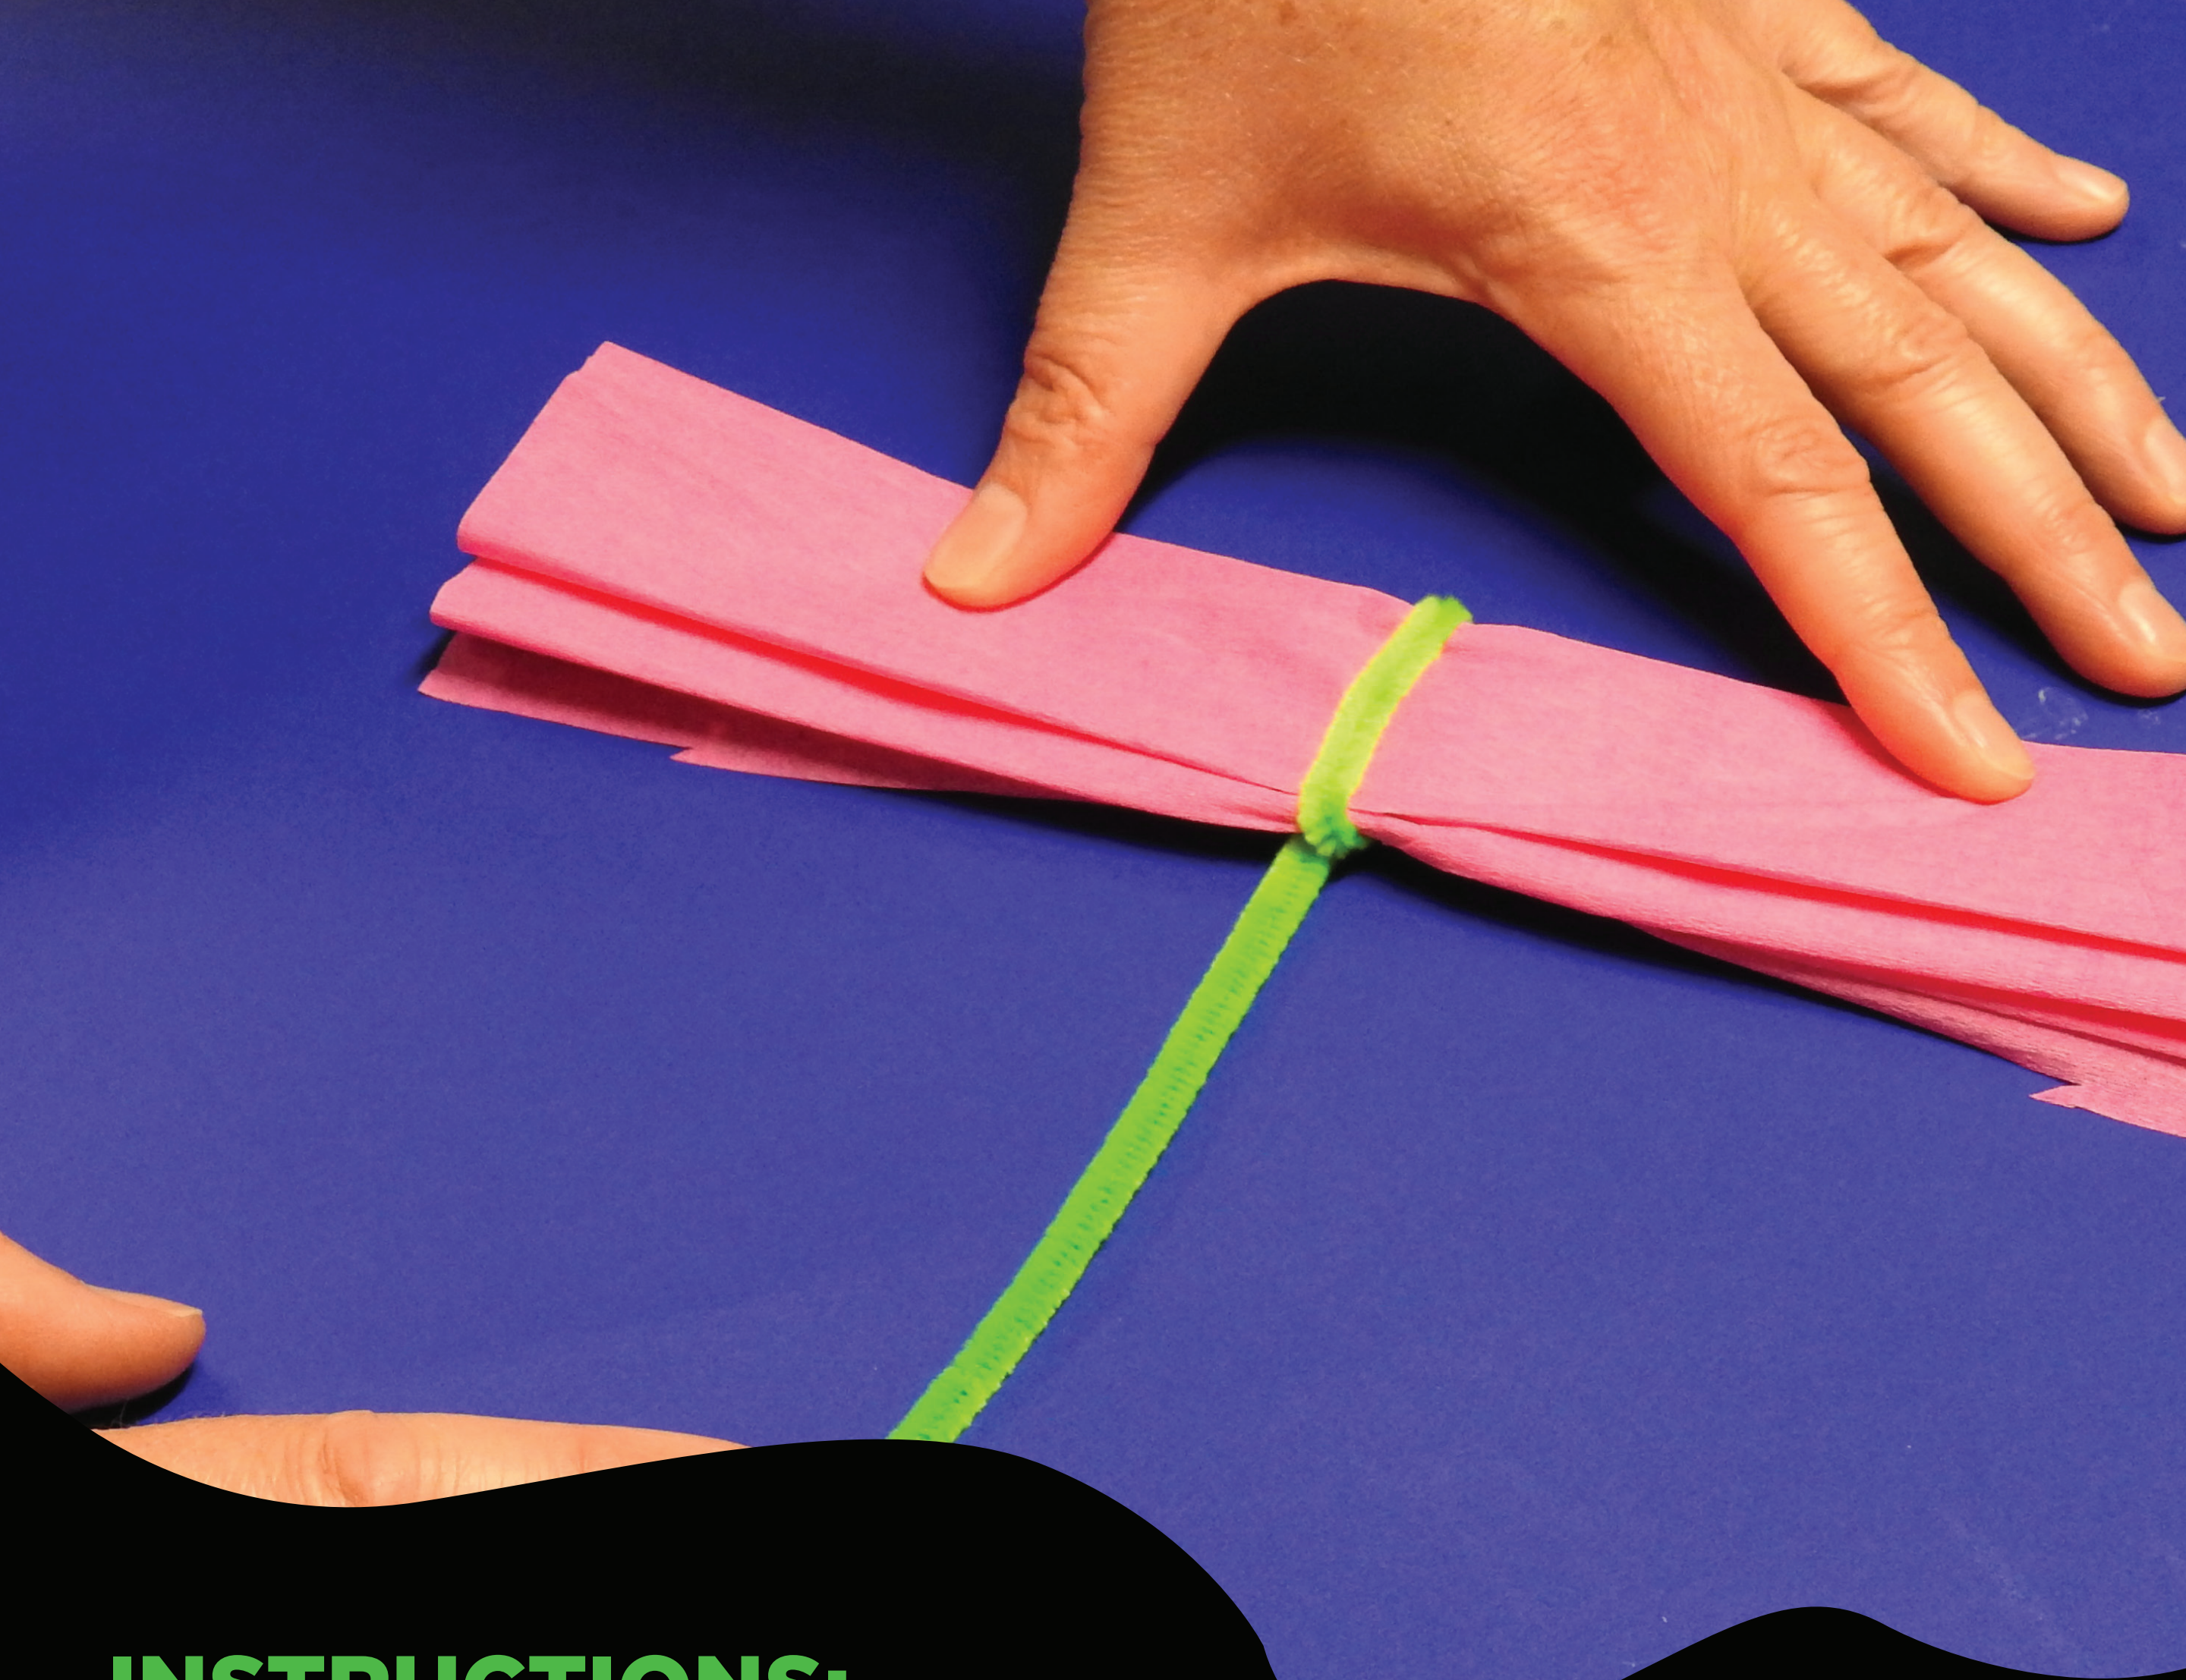

MATERIALS:

- 3 sheets of tissue paper or crepe paper.
- Choose your own colour.
- 1 green pipe cleaner

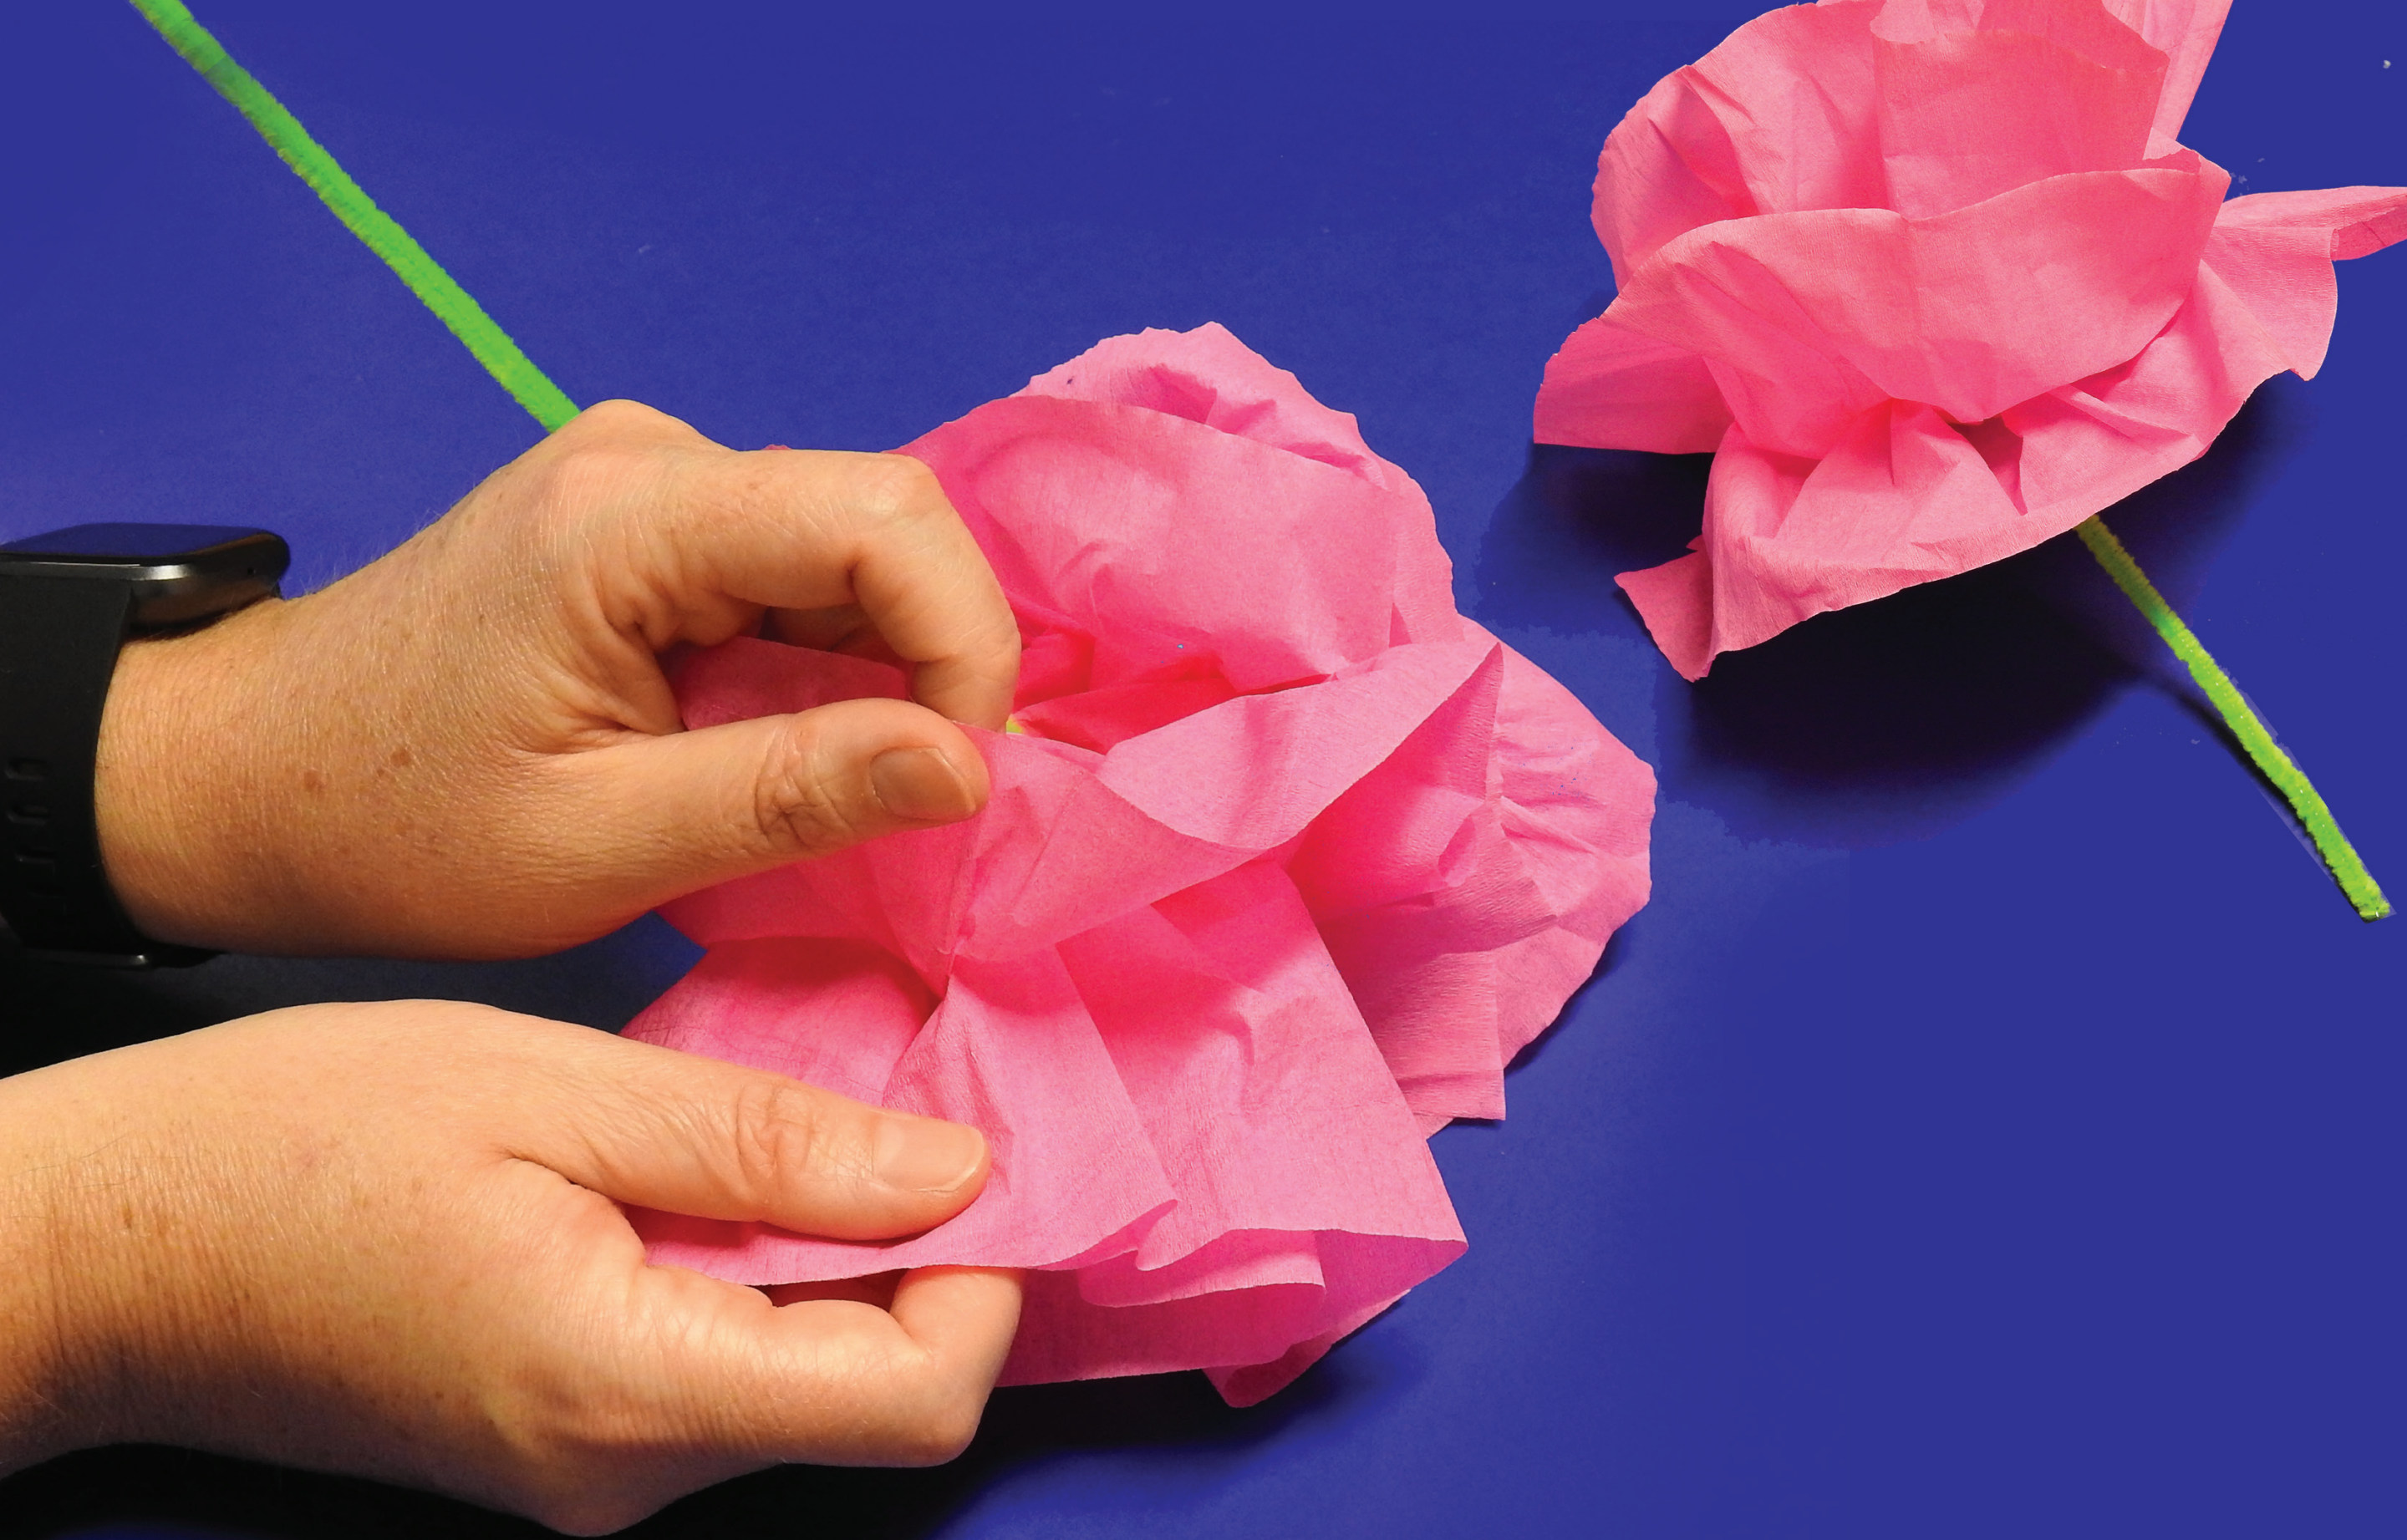

INSTRUCTIONS:

Stack your tissue paper on top of each other. Make accordion folds about 2 cm apart. Keep folding and turning over the paper until you have an accordion-style narrow strip of tissue paper.

INSTRUCTIONS:

Add the stem by folding the tissue strip in half and place the green pipe cleaner at the fold. Loop the stem around the middle of the folded tissue paper strip. Then twist the pipe cleaner onto itself to hold the tissue paper strip in place.

INSTRUCTIONS:

Carefully peel open the layers and gently separate the tissue paper sheets to unfold the petals of your flower. Watch your flower blossom as you peel back the layers.
